

Curriculum

The school adopts in broad terms the curriculum policy denoted by the LEA.

Please see the junior and senior curriculum policies for more details.

Priory School Curriculum Aims:

To enable the pupils to realise their full potential through a wide, interesting and enjoyable curriculum.

To equip pupils with the knowledge, concepts skills and practical abilities to cope with modern day life.

To encourage pupils to think for themselves, have confidence in their decisions and be a valued member of both the school community and society as a whole.

To cultivate intellectual inquisitiveness.

To be proud of one's own achievements and one's team achievements.

To provide and encourage active involvement in all areas of the curriculum.

To develop a set of values will enable compassion, understanding and tolerance for communal advantage.

To encourage a positive attitude and adaptability to change.

To prepare students to accept responsibility for their own cautions and contribute positively and cop-operatively with society.

Curriculum Monitoring

- Departments monitor and evaluate curriculum development through their annual reviews which involve all departmental staff. Meetings are also held before the first day of each new term.

- Schemes of work are updated as necessary. A copy of each scheme of work is held by each relevant teacher and also by the Head Teacher.

Cross-curricular teaching is commonplace and discussed at the Departmental Meetings.
