

Scholarship Opportunities at Priory Junior School

Strong links with the wider community

With great uncertainty around the future of Island primary schools, the economic and political climate, and the cost of living crisis, committing to a fee paying education can appear very daunting. We would therefore like to invite you to attend our **Scholarship and Bursary Information Day** on **Thursday 6 June 2024**.

As well as learning about financial support with fees, you can experience first hand the calm and happy setting, our small class sizes, and the many and varied successes in and out of the classroom. Pupils can join the Junior School at any point from Reception to Year 6, and most pupils successfully and seamlessly transition to the Senior School in Year 7.

A nurturing and peaceful haven

Please feel free to drop in **any time between 12.30pm and 3.30pm** for a tour and chat about life at Priory.

Families looking to explore Senior School places are also very welcome. We would love to see you.

David EJJ Lloyd, Principal, Priory School
